

Friends of TMAF is established to support TMAF.
The main goal of Friends of TMAF is to provide crucial scholarships and
travel stipends for young musicians.

TMAF is a world class music festival where young talents and master
musicians from around the world meet in Taiwan.
Each summer for two+ weeks, TMAF participants enjoy daily working
sessions where the exchange of musical ideas flow freely.
Musicians will then share their talent in concerts across Taiwan and back home.
It is an immersion in the highest level.

Music is a language that knows no borders or boundaries.
Without adequate financial aids, attending TMAF will not be able possible
for many worthy participants.

"Music exists to speak what we can't express."
Let the young musicians speak through their music.

Thank you for your support
